

## STRIP WAX PEARL WAX

### WHAT IS IT?

A strip wax with a pearly appearance and a delicate magnolia scent. This creamy-textured wax is powered with an anti-inflammatory action to reduce post-wax sensitivity.

### ADVANTAGES

- **SUPERIOR GRIP TO THE HAIR**  
The Bio-Based Resin allows for excellent adhesion to the hair to remove even the most stubborn hairs.
- **DELICATE REMOVAL**  
Gently removes the hair and minimises any post-waxing inflammation
- **RECOMMENDED FOR ALL HAIR TYPES**  
From short and stubby too long and soft, it's effective on all!
- **EFFECTIVE ON LARGE AREAS**  
Recommended for legs, arms and back.

### ACTIVE INGREDIENTS

#### BIO-BASED RESIN

This wax is made of natural and organic raw materials such as pine rosin and resin derived from soy glycerin. Compatible with the skin and kind to the environment.

#### TITANIUM DIOXIDE AND MICA

Titanium Dioxide provides anti-inflammatory properties while mica gives the wax its pearly, elegant finish. Both work to protect the skin and give a rich, creamy consistency to the wax.
