WHAT IS IT?

An easy-to-use and fuss-free hypoallergenic roll-on wax, formulated with Mineral Resin as an alternative treatment for those who react to Colophony in plant-based Resin Waxes.

KEY FEATURES

- **NO RESIDUES LEFT**
A soft wax which has good adherence to the hair and not the skin, allowing a clean epilation without feelings of 'sticky-ness'.
- **HYPOALLERGENIC FORMULA**
Replaced with Mineral Resin, this wax is a safe and comfortable alternative to Resin attained from pines and plants. Completely unscented to avoid any irritation from added fragrance.
- **RECOMMENDED FOR ALL HAIR TYPES**
From short and stubby to long and soft, it's effective on all!
- **EFFECTIVE ON LARGE AREAS**
Recommended for legs, arms and back.

ACTIVE INGREDIENTS

MINERAL RESIN

Skin compatible and respectful to the epidermis. Colophony-free makes this wax ideal for all skin types.

HYDROLYZED MARINE COLLAGEN

Improves skin elasticity, leaving the skin re-densities and firmer, minimising the signs of ageing.
