

STRIP WAX AZULENE WAX

WHAT IS IT?

A strip wax formulated for skins which are prone to itching, irritation and erythema post-waxing. The soothing and anti-inflammatory ingredients work to calm the skin post-wax.

ADVANTAGES

- **PREVENTS ERYTHEMA & ITCHING**
Ideal for reactive clients who easily show signs of irritation through itching & erythema, particularly on more sensitive areas.
- **SKIN PROTECTIVE PROPERTIES**
This wax forms a protective shield between the hair and skin for a gentle removal.
- **RECOMMENDED FOR ALL HAIR TYPES**
From short and stubby too long and soft, it's effective on all!
- **EFFECTIVE ON LARGE AREAS**
Recommended for legs, arms and back.

ACTIVE INGREDIENTS

BIO-BASED RESIN

This wax is made of natural and organic raw materials such as pine rosin and resin derived from soy glycerin. Compatible with the skin and kind to the environment.

TITANIUM DIOXIDE

Has anti-inflammatory properties while forming a protective barrier between the hair and skin. Gives the wax a creamy and rich texture.

GUAYAZULENE

A derivative of Azulene, known for its anti-inflammatory and healing properties.
