## ANESI LAB DERMO PEELS

A trusted choice for many skin specialists

Exceptional skin peeling treatments

Exclusive formulas in 3 strengths

STRENGTH NO.

1

**DERMO PEEL EXPERT:** The original exfoliating and skin renewing formula, suitable for all skin types.

STRENGTH NO.

2

**DERMO PEEL CORRECTOR:** A deeper peel offering an effective solution for acne-prone skin.

STRENGTH NO.

3

**DERMO PEEL RENEWAL:** Specifically formulated for ageing skin or hyperpigmentation, that require a deeper peel and cell regeneration.

## 6 TREATMENTS IN EACH KIT

- Individual sealed measured doses, freshly activated in the treatment guarantees ingredients are preserved for maximum efficacy.
- Carefully selected actives in exact measures ensures the correct amount of peeling solution to perform an expert treatment.

FORMULATED WITH EXCLUSIVE MICROSCOPIC PLANKTON CRYSTALS AND  
A SPECIAL BLEND OF ACTIVES DEPENDING ON THE SKIN CONCERNS.

The effective peeling action  
is obtained with  
microscopic micro-crystals  
from fresh-water plankton  
for a 'micro-needling  
treatment'

LUMINOSITY SPF 50 / DAILY SPF 30 (NEW)

HARMONY CAN ALSO BE INCORPORATED

# DERMO PEEL EXPERT TREATMENT

## PEELING STRENGTH No.1

Medium skin peeling with phytoplankton and pineapple stem for **all skin types**.

Soothing and repairing botanicals respect the skin barrier, promoting healthy skin recovery.

This plant-based peel does not contain acids in the formulation, the peeling has a 'microdermabrasion' effect with a **pH 5.7 - 6.7**.

# ACTIVE INGREDIENTS

## PEELING POWDER No. 1

- **Plankton:** Microscopic crystals rich in Silica produces a deep micro-abrasion effect that continues to work 2 days after treatment. Promotes epithelium re-growth for healthy skin.
- **Pineapple Stem:** Bromalin enzymes dissolves intercellular cement to safely remove dead cells.
- **Aloe:** Soothing hydration.
- **Horsetail:** Rich in Silica to support healthy skin.
- **Peppermint:** Refreshing, purifying and soothing.

## PEELING EMULSION

- **Allantoin:** Soothing, softening and protecting properties.
- **Oxliastil:** Soy derivative promotes cellular respiration and renewal for healthy skin.

# DERMO PEEL CORRECTOR TREATMENT

## PEELING STRENGTH No.2

Deep skin peeling with phytoplankton, botanicals and hydrogen peroxide for **acne-prone skin**.

The powerful combination clears the skin of impurities and renews while salicylic acid prevents pimples and promotes rapid skin repair.

This plant-based peel does not contain acids in the formulation, the peeling has a 'microdermabrasion' effect combined with disinfecting hydrogen peroxide, works at **pH 5**.

# ACTIVE INGREDIENTS

## PEELING POWDER No. 2

- **Plankton:** Microscopic crystals rich in Silica produces a deep micro-abrasion effect that continues to work 2 days after treatment. Promotes epithelium re-growth for healthy skin.
- **Queen of the Meadow:** Rich in Salicin and flavonoids to soothe and reduce appearance of inflammation.
- **Horsetail:** Rich in Silica to support healthy skin.
- **Peppermint:** Refreshing, purifying and soothing.

## PEELING LOTION No. 2

- **Hydrogen Peroxide:** 2% concentration for antiseptic properties to prevent infection and breakouts.

## CONCENTRATE

- **Salicylic Acid:** Prevents build-up of dead skin and excess oil in the follicles to help clear skin.
- **AHAs:** Softens the skin and helps prevent pimple formation.
- **Centella Asiática:** Astringent and helps skin recover from trauma.
- **Mimosa Tenuiflora:** Protects and softens for healthy skin.
- **Glycerine, Urea, Allantoin:** Hydrating and soothing.

# DERMO PEEL RENEWAL TREATMENT

## PEELING STRENGTH No.3

Deep skin peeling with phytoplankton, alpha and beta hydroxy acids to target ageing skin, deep wrinkles, sun damage and hyperpigmentation concerns.

The inclusion of the powerful acids allows for an effective peel without the need to apply any movements to activate, making it ideal for thinning ageing skin.

This peel contains acids in the formulation and has a 'microdermabrasion' action and a chemical peeling action.

The pH is 3 -3.5.

# ACTIVE INGREDIENTS

## PEELING POWDER No. 3

- **Plankton:** Microscopic crystals rich in Silica produces a deep micro-abrasion effect that continues to work 2 days after treatment. Promotes epithelium re-growth for healthy skin.

## PEELING LOTION No. 3

- **Glypure:** Stimulates cellular activity to improve sun damaged skin and wrinkles for a brighter, more supple skin with less pigmentation.
- **AHA Blend:** (Passionfruit, lemon, pineapple, grape) Gentle peeling eliminates dry flaky dead skin.
- **Salicylic Acid:** Softens and loosens dead skin cells, stimulates cell renewal and fades dark spots.

# RESULTS

Dermo Peel Corrector No.2  
5 days after 1 treatment.

# TREATMENT GUIDLINES

- A recommended course of 4-8 sessions, repeated treatment every 10-21 days (depending on skin)
- Peel the skin 7-10 days before other facial treatments to enhance the results.
- Maintenance: 3-4 sessions a year (change of season)
- Acne-prone skin may purge after the first session. A significant improvement can be expected by the third.
- Peeling treatments can also be alternated with other Anesi facials for a bespoke skincare plan.

## SKIN CONCERN

OILY-CONGESTED WITH SENSITIVITY OR DEHYDRATION	Combine Dermo Peel No.2 with Dermo Control Purifying Facial. The Alginate Mask hydrates and soothes. Depending on skin alternate treatments every 7-21 days.
HYPERPIGMENTATION	Combine Dermo Peel No.3 with Luminosity, with one dermo peel in between 3-4 Luminosity weekly treatments.
DEEP WRINKLES	Combine Dermo Peel No.3 with Epigenesse with one dermo peel in between 3-4 Epigenesse weekly treatments.

# PRECAUTIONS

- Do not apply close to the eyes, and do not apply on the lips.
- Be careful applying the peel to more delicate areas and take care when removing the peeling solution.
- Do not use on sunburnt skin, rosacea or highly inflamed vascular skin.
- Anyone taking Roaccutane and similar prescribed drugs, or any medications and products that cause skin thinning should not have the treatment.
- Diabetic skin must be treated with caution and might require doctors' permission.
- Throughout the treatment check the sensation of the peeling on the skin. It is normal to feel a tingling sensation, but if very uncomfortable or the skin appears very red you should remove.
- Follow the recommended protocol timings adapting as needed depending on skin reaction. On the first treatment it might be necessary to reduce the time and gradually increase over the course of treatment.
- Do not over rub the skin, excessive rubbing can compromise the skin barrier.

## AFTER CARE

- The micro-crystals continue working and can be felt on the skin for 48+ hours. Avoid touching the skin.
- Avoid all activity which causes flushing or heat of the skin (exercise, steam, sauna).
- Completely avoid sun exposure.
- SPF30-50 must be used daily in the following weeks after the treatment to avoid damage and hyperpigmentation.
- Recommend Anesi Lab homeware according to skin:
  - Gentle Cleansing
  - Repairing Serum
  - SPF

NEW  
SPF30

SOLAR SHIELD is the new essential sun protection line from Anesi Lab.

More SPF products will launch in 2024!

## DAILY CREAM SPF30 FOR ALL SKIN TYPES

Everyday sun protection cream **replaces Haute Protection.**

- ✓ Protects the skin from damaging UVA & UVB rays.
- ✓ Minimises pigmentation formation.
- ✓ Can be applied over serums or moisturising creams.
- ✓ 50ml tube is ideal for retail and professional use.

SPF is best applied 20-30 minutes before UV exposure and re-applied regularly to maintain protection.
