

WHAT IS IT?

An easy-to-use and fuss-free roll-on wax formulated with Aloe Vera to soothe, regenerate and refresh the skin. This wax has a very fluid texture for easy removal. Ideal for sensitive skin as well as hot, dry or warmer months. NG waxes are formulated with a new generation blend of rosin derivatives and microcrystalline waxes.

KEY FEATURES

FLUID TEXTURE

An easy wax to work with and apply.

RECOMMENDED FOR ALL HAIR TYPES

From short and stubby to long and soft, it's effective on all!

EFFECTIVE ON LARGE AREAS

Recommended for legs, arms and back.

NO RESIDUES LEFT

High-quality bio-based resins gives the wax plasticity, leaving minimal residue

ACTIVE INGREDIENTS

BIO-BASED RESIN

This wax is made of natural and organic raw materials such as pine rosin and resin derived from soy glycerin. Compatible with the skin and kind to the environment.

ALOE VERA EXTRACT

Provides a deep hydration to bring a refreshed and dewy appearance to the skin. Has regenerative properties to encourage quick skin-repair.
