## BODY LIPOLYSIS

PRODUCT	QUANTITY	FUNCTION
Phosphatidylcholine	5 cc	Powerful Fat burner
L-Carnitine	5 cc	Enhance lipolysis and fatty acid oxidation
Artichoke	5 cc	Improve drainage and metabolism
PRODUCT	QUANTITY	FUNCTION
Fat Burner	5 cc	Cocktail designed for fat lipolysis treatment
L-Carnitine	5 cc	Enhance lipolysis and fatty acid oxidation
Artichoke	5 cc	Improve drainage and metabolism
PRODUCT	QUANTITY	FUNCTION
Phosphatidylcholine	5 cc	Powerful Fat burner
Hyaluronidase Liquid	5 cc	Break down fat connection and fibrosis
Artichoke	5 cc	Improve drainage and metabolism
PRODUCT	QUANTITY	FUNCTION
Deoxycholic	5 cc	Fat emulsifier and great for localized fat treatments
L-Carnitine	5 cc	Enhance lipolysis and fatty acid oxidation
Artichoke	5 cc	Improve drainage and metabolism
PRODUCT	QUANTITY	FUNCTION
Phosphatidylcholine	5 cc	Powerful Fat burner
Hyaluronidase Liquid	5 cc	Break down fat connection and fibrosis
L-Carnitine	5 cc	Enhance lipolysis and fatty acid oxidation
PRODUCT	QUANTITY	FUNCTION
Hyaluronidase Liquid	5 cc	Break down fat connection and fibrosis
L-Carnitine	5 cc	Enhance lipolysis and fatty acid oxidation
Artichoke	5 cc	Improve drainage and metabolism

Use on:

- Abdomen
- Back
- Flanks
- Buttocks
- Thighs
- Legs

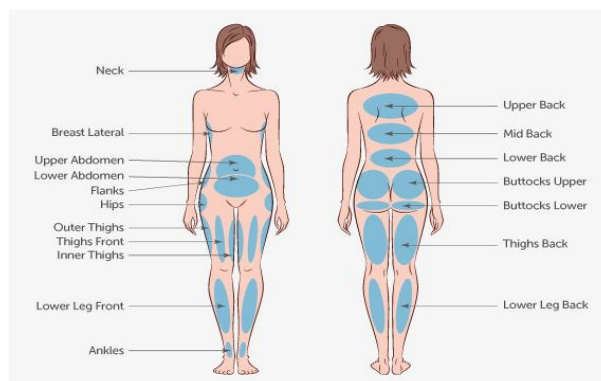

## CELLULITE

PRODUCT	QUANTITY	FUNCTION
Organic Silicon	5 cc	Improve cellular metabolism and aids in the reduction of cellulite
Cellestabyl	2 cc	Increase the adipocyte membrane permeability
L-Carnitine	5 cc	Enhance lipolysis and fatty acid oxidation
Caffeine	1 cc	Lipolytic agent, improve metabolism
PRODUCT	QUANTITY	FUNCTION
Phosphatidylcholine	5 cc	Powerful Fat burner
L- Carnitine	5 cc	Enhance lipolysis and fatty acid oxidation
Asian Centella	5 cc	Improve blood circulation, strength the skin and stimulate the connective tissue
PRODUCT	QUANTITY	FUNCTION
Asian Centella	5 cc	Improve blood circulation, strength the skin and stimulate the connective tissue
Melilotus	2 cc	Stimulate the lymphatic circulation, improving venous circulation
Caffeine	1 cc	Lipolytic agent, improve metabolism
L-Carnitine	5 cc	Enhance lipolysis and fatty acid oxidation
PRODUCT	QUANTITY	FUNCTION
Organic Silicon	5 cc	Improve cellular metabolism and aids in the reduction of cellulite
Artichoke	5 cc	Diuretic and stimulates lymphatic drainage
L-Carnitine	5 cc	Enhance lipolysis and fatty acid oxidation
PRODUCT	QUANTITY	FUNCTION
Fusion Fat	5 cc	Cocktail designed for fat lipolysis treatment
Organic Silicon	5 cc	Improve cellular metabolism and aids in the reduction of cellulite
Artichoke	5 cc	Diuretic and stimulates lymphatic drainage

Use on:

- Buttocks
- Hips
- Thighs

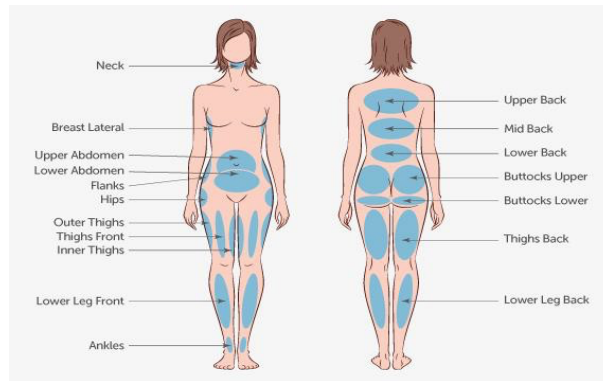

## STRETCH MARKS

PRODUCT	QUANTITY	FUNCTION
DNA Gel	2 cc	Biopolymer plant, stimulates the regeneration of cells and restructure the connective tissue
Collagen Pyruvate	2 cc	Stimulates the fibroblast activity and the collagen synthesis
Vitamin C	2 cc	Antioxidant, stimulates production of collagen
PRODUCT	QUANTITY	FUNCTION
Organic Silicon	2 cc	Stimulate collagen production and strong regenerative properties
Hyaluronic Acid + DMAE	3 cc	Fills the inter-fibrillar collagen space and strong tensor effect
Chondroitin Mesoplus	2 cc	Regulates collagen formation

Use on:

- Arms
- Flanks
- Hips
- Thighs
- Abdomen

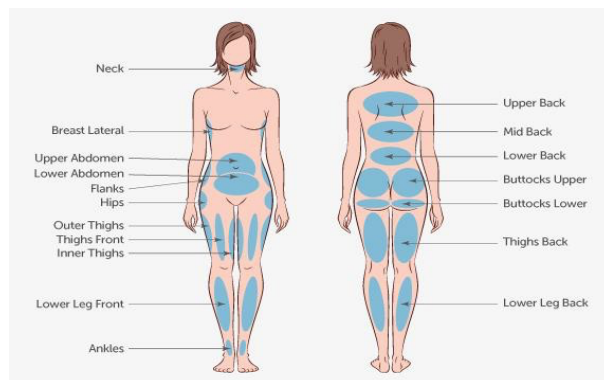

## BODY FIRMING

PRODUCT	QUANTITY	FUNCTION
Organic Silicon	2 cc	Stimulate collagen production and strong regenerative properties
DMAE	2 cc	Combat the coetaneous aging, helping to provide significant improvements in the flaccidity
Oligolements	2 cc	Restore cell metabolism
L-Carnitine	2 cc	Stimulates the conversion of fatty acids into energy, improving skin cells energy for regeneration, repair and cell division
PRODUCT	QUANTITY	FUNCTION
Hyaluronic Acid + DMAE	3 cc	Effective skin hydration and strong tensor effect
Collagen Pyruvate	2 cc	Stimulates the fibroblast activity and the collagen synthesis
Asian Centella	5 cc	Improve blood circulation, strength the skin and stimulate the connective tissue
PRODUCT	QUANTITY	FUNCTION
DMAE	5 cc	Combat the coetaneous aging, helping to provide significant improvements in the flaccidity
Collagen Pyruvate	2 cc	Stimulates the fibroblast activity and the collagen synthesis
Chondroitin Mesoplus	2 cc	Regulates collagen formation
PRODUCT	QUANTITY	FUNCTION
Organic Silicon	2 cc	Stimulate collagen production and strong regenerative properties
DMAE 3%	2 cc	Combat the coetaneous aging, helping to provide significant improvements in the flaccidity
Oligolements	2 cc	Restore cell metabolism
L-Carnitine	2 cc	Stimulates the conversion of fatty acids into energy, improving skin cells energy for regeneration, repair and cell division

Use on:

- Arms
- Abdomen
- Back
- Buttocks
- Thighs
- Flanks
- Legs

## WRINKLES

PRODUCT	QUANTITY	FUNCTION
Hyaluronic Acid + DMAE	3 cc	Effective skin hydration and strong tensor effect
Organic Silicon	3 cc	Stimulate collagen production and strong regenerative properties
Collagen Pyruvate	2 cc	Stimulates the fibroblast activity and the collagen synthesis
PRODUCT	QUANTITY	FUNCTION
DMAE	2 cc	Combat the coetaneous aging, helping to provide significant improvements in the flaccidity
Collagen Pyruvate	5 cc	Stimulates the fibroblast activity and the collagen synthesis
Argireline	2 cc	Reduction and prevention of expression lines
PRODUCT	QUANTITY	FUNCTION
Hyaluronic Acid + DMAE	3 cc	Effective skin hydration and strong tensor effect
Argireline	2 cc	Reduction and prevention of expression lines
Vitamin A	2 cc	Helps in the cell renewal and protects the skin against free radical
PRODUCT	QUANTITY	FUNCTION
DNA ampoules	2 cc	Biopolymer plant, stimulates the regeneration of cells and restructure the connective tissue
Vitamin A	2 cc	Helps in the cell renewal and protects the skin against free radical
Collagen Pyruvate	2 cc	Stimulates the fibroblast activity and the collagen synthesis
Organic Silicon	2 cc	Stimulate collagen production and strong regenerative properties
PRODUCT	QUANTITY	FUNCTION
Hyaluronic Acid 3,5%	1 cc	Effective skin hydration and strong tensor effect
Argireline	2 cc	Reduction and prevention of expression lines
Vitamin C	2 cc	Helps in the cell renewal and protects the skin against free radical

Use on:

- Forehead
- Crow's feet
- Cheeks
- Upper lip
- Chin
- Neck
- Décolleté
- Hands

## MESO GLOW

PRODUCT	QUANTITY	FUNCTION
Glutathione	3 cc	Strong antioxidant and lightening the skin
Vitamin A	2 cc	Helps in the cell renewal and protects the skin against free radical
Hyaluronic Acid 3,5%	1 cc	Activates the fibroblastic function and the collagen synthesis
PRODUCT	QUANTITY	FUNCTION
DNA Gel	2 cc	Biopolymer plant, stimulates the regeneration of cells and restructure the connective tissue
Glutathione	2 cc	Strong antioxidant and lightening the skin
Oligoelements	2 cc	Restore cell metabolism, regenerative
PRODUCT	QUANTITY	FUNCTION
Glutathione	3 cc	Strong antioxidant and lightening the skin
Vitamin C	2 cc	Antioxidant, stimulates production of collagen
Vitamin A	2 cc	Helps in the cell renewal and protects the skin against free radical

Use in:

- Forehead
- Crow's feet
- Cheeks
- Upper lip
- Chin
- Neck
- Décolleté
- Hands

## LIGHTENING / MELASMA

PRODUCT	QUANTITY	FUNCTION
Glutathione	5 cc	Strong antioxidant and lightening the skin
Vitamin C	1 cc	Helps strengthen skin, providing a younger and bright appearance
Organic Silicon	1 cc	Stimulate collagen production and strong regenerative properties
PRODUCT	QUANTITY	FUNCTION
Fusion Whitening	5 cc	Combination with strong antioxidants and lightening effect
Vitamin A	1 cc	Helps in the cell renewal and protects the skin against free radical
PRODUCT	QUANTITY	FUNCTION
Fusion Melanopeel	2 cc	Cocktail specially blended for melasma
Serum Solution (mix 10cc)	3 cc	Saline Solution used for dilution
PRODUCT	QUANTITY	FUNCTION
Tranexamicum 1500 IU	5cc	Whitening Agent
Serum Solution (mix 10cc)		Saline Solution used for dilution
PRODUCT	QUANTITY	FUNCTION
Glutathione 1500 IU	5cc	Strong antioxidant and lightening the skin
Serum Solution (mix 10cc)		Saline Solution used for dilution

Use in:

- Forehead
- Cheeks
- Chin
- Neck
- Décolleté

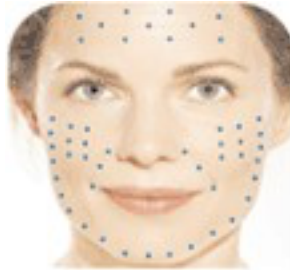

## REJUVENATION

PRODUCT	QUANTITY	FUNCTION
Organic Silicon	2 cc	Stimulate collagen production and strong regenerative properties
Asian Centella	2 cc	Improve blood circulation, strength the skin and stimulate the connective tissue
Collagen Pyruvate	2 cc	Stimulates the fibroblast activity and the collagen synthesis
PRODUCT	QUANTITY	FUNCTION
Fusion Repair	2 cc	Powerful revitalizing and moisturizing cocktail providing elasticity
Serum Solution	3 cc	Saline Solution used for dilution
PRODUCT	QUANTITY	FUNCTION
Organic Silicon	2 cc	Stimulate collagen production and strong regenerative properties
Asian Centella	2 cc	Improve blood circulation, strength the skin and stimulate the connective tissue
Collagen Pyruvate	2 cc	Stimulates the fibroblast activity and the collagen synthesis

Use on:

- Forehead
- Cheeks
- Chin
- Hands

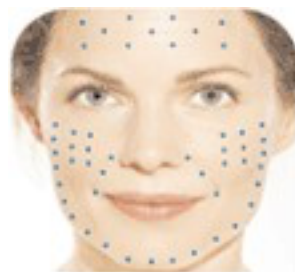

## V-LIFTING

PRODUCT	QUANTITY	FUNCTION
Hyaluronic Acid + DMAE	3 cc	Effective skin hydration and strong tensor effect
Organic Silicon	3 cc	Stimulate collagen production and strong regenerative properties
Collagen Pyruvate	2 cc	Stimulates the fibroblast activity and the collagen synthesis
PRODUCT	QUANTITY	FUNCTION
DMAE	2 cc	Combat the coetaneous aging, helping to provide significant improvements in the flaccidity
Collagen Pyruvate	5 cc	Stimulates the fibroblast activity and the collagen synthesis
Argireline	2 cc	Reduction and prevention of expression lines
PRODUCT	QUANTITY	FUNCTION
Hyaluronic Acid + DMAE	3 cc	Effective skin hydration and strong tensor effect
Argireline	2 cc	Reduction and prevention of expression lines
Vitamin A	2 cc	Helps in the cell renewal and protects the skin against free radical
PRODUCT	QUANTITY	FUNCTION
Fusion Antiaging	2 cc	Combination with strong antiaging properties
Vitamin A	2 cc	Helps in the cell renewal and protects the skin against free radical
Collagen Pyruvate	2 cc	Stimulates the fibroblast activity and the collagen synthesis
PRODUCT	QUANTITY	FUNCTION
Hyaluronic Acid + DMAE	3 cc	Effective skin hydration and strong tensor effect
Argireline	2 cc	Reduction and prevention of expression lines
Vitamin A	2 cc	Helps in the cell renewal and protects the skin against free radical

Use on:

- Forehead
- Cheeks

## BABY SKIN

PRODUCT	QUANTITY	FUNCTION
Hyaluronic Acid 3,5%	1 cc	Activates the fibroblastic function and the collagen synthesis
Fusion Whitening	5 cc	Combination with strong antioxidants and lightening effect
PRODUCT	QUANTITY	FUNCTION
Fusion Whitening	5 cc	Combination with strong antioxidants and lightening effect
Vitamin A	1 cc	Helps in the cell renewal and protects the skin against free radical

Use on:

- Forehead
- Crow's feet
- Cheeks
- Upper lip
- Chin
- Neck
- Décolleté
- Hands

## DOUBLE CHIN

PRODUCT	QUANTITY	FUNCTION
L-Carnitine	2 cc	Enhance lipolysis and fatty acid oxidation
Organic Silicon	1 cc	Stimulate collagen production and strong regenerative properties
Deoxycholic 10%	2 cc	Fat emulsifier and great for localized fat treatments
PRODUCT	QUANTITY	FUNCTION
Deoxycholic 10%	2 cc	Fat emulsifier and great for localized fat treatments
Artichoke	1 cc	Diuretic and stimulates lymphatic drainage
Organic Silicon	2 cc	Stimulate collagen production and strong regenerative properties
PRODUCT	QUANTITY	FUNCTION
Deoxycholic 10%	3 cc	Fat emulsifier and great for localized fat treatments
L-Carnitine	1 cc	Enhance lipolysis and fatty acid oxidation
Artichoke	2 cc	Diuretic and stimulates lymphatic drainage

Use on:

- Chin
- Neck

## HAIR

PRODUCT	QUANTITY	FUNCTION
Fusion Hair	3 cc	Cocktail with vascular effects and hair follicle stimulation
Biotin Hidrixin	2 cc	Stimulate cellular repair and promotes healthy skin and tissue growth
PRODUCT	QUANTITY	FUNCTION
Fusion Hair	3 cc	Cocktail with vascular effects and hair follicle stimulation
Gingko Biloba	2 cc	Promotes hair growth by increasing blood circulation to feed the hair follicles and preventing inflammation and bacterial infection around hair follicles
PRODUCT	QUANTITY	FUNCTION
Fusion Hair	2,5 cc	Cocktail with vascular effects and hair follicle stimulation
Dexpanthenol	2,5 cc	Has a trophic activity on the epitelia and metabolism of lipids
PRODUCT	QUANTITY	FUNCTION
Fusion Hair	2,5 cc	Cocktail with vascular effects and hair follicle stimulation
Oligoelements	2,5 cc	Restore cell metabolism

Use on:

- Scalp
