# ANTI-AGE LABORATORY

*Overline Infinity Face Lab*

*Overline Infinity*

# Combat physical aging and environmental stress, the main causes of skin aging.

**Overline Infinity Face Lab** helps beauticians significantly reduce and prevent facial imperfections. Analyse the skin in-depth with specialist equipment, including the Macrocam x200, Hydration Check, and Rugosity Check. Determine the best treatment program for every client with an informative skin analysis.

The complete exfoliating action of **Diamond Microdermabrasion**, carried out with the four innovative heads, improves skin turn-over, blood circulation, and natural Collagen production, while **Multipolar RF**, **Fractional RF**, and **3MHz Ultrasound** provide an effective **anti-age** action, aiding hydration, relaunching the skin's elasticity, and regenerating it with a lifting effect for a youthful and radiant appearance.
